## BLOG: Justitsmord Cover-up

**In a nutshell:** This case is all about CHILDREN.

This blog is an **exposé** regarding "Justismord" (miscarriage of justice) and related cover-up involving several Danish state authorities and government ministers.

Due to **Danish state corruption**, **'Institutional Racism'**, and **institutional sexism** against **fathers**, three years ago, my time with my children was **illegally and fraudulently** changed and reduced from 1 week every other week, to just 4 days every other week.

I have a claim on breaches of several sections of Danish Penal Law (**Straffeloven §146, §155, §156, §157, §163, §215, §261**) by the authorities involved.

**Links to actual (anonymised) case documentation proving "Justismord" are provided in the articles.**

those involving '[børnesagkyndige undersøgelser](#)' (English: *child welfare investigation*) since at least 2009 - will have to be investigated (and I believe by the police)...and people involved will have to 'resign' (or be fired!).

Ankestyrelsen

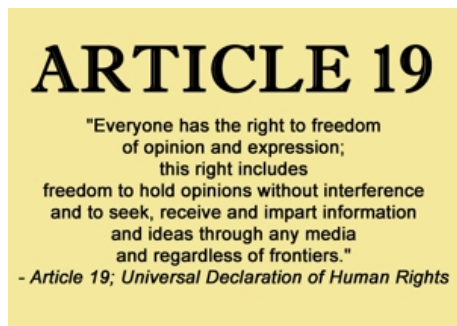

Due to **Danish racism (white supremacy) and sexism**, three years ago, my time with my children was illegally changed and reduced from 1 week every other week, to just 4 days every other week.

My case is well documented, and it is my deliberate intention to bring family law system to a complete stop by reporting staff from the authorities to the police, then take them to court, and by exposing my case!

This blog article is based on my following articles which are well worth reading, as I disclose hyper-linked and anonymised versions of actual case documentation:-

- "[Justitsmord](#)" Cover-up : [Should Statsforvaltningen Direktør Helle Haxgart Resign \(be fired\)?](#)
- "[Justitsmord](#)" Cover-up : [Should Ankestyrelsens Afdelingschef Dorrit Sylvest Nielsen Resign \(be fired\)?](#)

#### ●FREEDOM OF EXPRESSION

([picture source](#))

**This case is truly in the public interest.**

This case cannot withstand the light of day..*Sagen tåler ikke dagens lys!*

I assert my rights to freedom of expression as described under Article 10 of the [European Convention on Human Rights](#), and Article 19 of [The Universal Declaration of Human Rights](#).

**This article is written mainly in the English language to increase the exposure of this article (outside of Denmark).**

●**The Question:** Are [Statsforvaltningen](#) and [Ankestyrelsen Familieretsafdeling](#) corrupt, racist and sexist against fathers?

Psykolognævnet

**The situation is very serious:** Every decision made by Statsforvaltningen, Ankestyrelsen Familieretsafdeling, Psykolognævnet, and Kommunes - especially those involving '[børnesagkyndige undersøgelser](#)' (English: *child welfare investigation*) since at least 2009 - will have to be investigated by the **police** and people involved will have to '**resign**' or be '**fired**'

**LEFT PHOTO:** Statsforvaltningen Direktør Helle Haxgart ([source](#) [Bjarne Lüthcke picture no.11](#))

**RIGHT PHOTO:** [Afdelingschef Dorrit Sylvest Nielsen](#) ([source](#))

**IMPORTANT NOTE:** Afdelingschef Dorrit Sylvest Nielsen is not shown in the latest [Ankestyrelsen organisations diagram](#). Why? Was she a liability?

●**My Answer:** The use of the words '**corrupt**', '**racist**', and '**sexist**', may seem strong, but I do believe that the answer is a big '**YES**'!

I would add the word '**institutional**', meaning that I believe that Statsforvaltningen and Ankestyrelsen Familieretsafdeling are **institutionally corrupt**, **institutionally racist** and **institutionally sexist** against fathers.

●**Reasoning:** Why would I say 'they' are **corrupt**, **racist** and **sexist** against fathers? Good question!

When discussing the amount of problems in my case, I was told by various (white) Danes that the reasons for the problems with my case is because I am NOT a white ethnic Dane.

**PICTURE:** [The C.O.W.S "Please, respect me like I am a white person" T-shirt Experiment](#). [picture source](#).

Interesting, as before the illegal change in my time with my children, I wrote to the Director responsible for the particular Statsforvaltningen offices that my case fell under.

The Director of that particular Statsforvaltningen replied by [letter](#) as follows:-

Danish: "Jeg kan oplyse, at vi bestræber os på at levere en høj service, og at vi bestræber os på at være **neutrale** og **upartiske**"

English: "I can inform you that we strive to deliver a high level of service and we strive to be **neutral** and **impartial**"

Read the letter for yourself in the link below:-

[002 Letter form the Director Statsforvaltningen 'XXXX' dated 01-07-2010](#)

So a while ago, after my time with my kids was illegally changed, and whilst preparing my complaint to the Ombudsmand, I decided to write to the Direktør of the Statsforvaltningen with an analysis that explains why I believe that Statsforvaltningen are **corrupt**, **racist** and **sexist** against **fathers**.

Read and study the letter for yourself that I recently uploaded in the link below:-

[022 to Statsforvaltningen Xxxxx Direktør dated 16-01-2012\\*NEW UPLOAD\\*](#)

### **●Are Statsforvaltningen and Ankestyrelsen Familieretsafdeling corrupt, racist and sexist against fathers?**

My above [letter](#) makes a very strong argument.

It is clear from the documentation that I disclose with this article and [my other blog articles](#), that the behaviour, work, and decisions by the involved staff (and contracted persons) from the authorities involved was '**inappropriate** and **unprofessional**'.

Keep an eye on the use of the words '**inappropriate** and **unprofessional**'.

### **●INSTITUTIONAL RACISM, SEXISM & CORRUPTION**

**Definitions** are important, as they allow the **identification** of the **criteria** used to make a **judgement**.

**PICTURE:** [Sir William Macpherson \(Retired High Court judge\)\(source\)](#)

In the UK, as part of the "[Stephen Lawrence Inquiry](#)", '[Institutional Racism](#)' was defined by [Sir William Macpherson \(retired judge\)](#) as follows:-

*"Institutional racism: the collective failure of an organization to provide an **appropriate** and **professional** service to people because of their colour, culture, or ethnic origin".*

The above definition can also be used to define **institutional corruption**, **Institutional racism** and **institutional sexism** against **fathers**.

It is clear from the documentation that I disclose with this article and

[my other blog articles](#), that the behaviour, work, and decisions by the involved staff (and contracted persons) from the authorities involved was '*inappropriate* and *unprofessional*'.

**RACISM = WHITE SUPREMACY:** In this particular case the word 'racism' is synonymous with '[white supremacy](#)'.

It has been stated by [Neely Fuller Jr](#), author of the "[Compensatory Code Book](#)", that "*If you do not understand white supremacy (racism), everything else that you think you understand, will only confuse you*".

'[White supremacy](#)', meaning that people classified as 'white' are treated superior to people classified as 'not-white'.

Within the context of '[white supremacy](#)', people classified as 'white' are treated superior to people classified as 'not-white', by **mistreating/abusing** the rights of people classified as 'not-white'.

The whole situation can be best described by use of the phrase '[HIGH TECH LYNCHING](#)'

**Other examples of Danish state institutional racism & institutional corruption** include the [Tamil Case](#) and the [Palestinian Stateless Case](#).

It is clear that in both the [Tamil Case](#) (Danish: [Tamilsagen](#)) and the [Palestinian Stateless Case](#) (Danish: [Statesløs-sagen](#)) that the cases in question were handled both **inappropriately** and **unprofessionally**, and the people affected were of different **colour, culture, or ethnic origin to the 'ethnic Danes'**.

#### **•The Denial of Institutional Corruption, Institutional Racism and Institutional Sexism Against Fathers**

([picture source](#))

It has been said that: "*The denial of racism is crucial to its existence*".

The same denial and reason for the denial must then equally apply to corruption and sexism.

My documents linked to [my other blog articles](#) show that I have informed all the "right people", including the responsible ministers, of the problems with the authorities..but they do nothing.

Read the letters for yourself linked below:-

## ●Challenging the Null Hypothesis

The P - Value Interpretation Table	
Less than 0.01	Strong evidence against Null Hypothesis, Very statistically significant
0.01 to 0.05	Some evidence against Null Hypothesis, statistically significant
Greater than 0.05	Insufficient evidence against Null Hypothesis

([PICTURE SOURCE](#))

It is possible to calculate the probability of all the errors occurring by chance in a single case to to determine statistical significance (**hypothesis testing**).

In statistical inference of observed data of a scientific experiment, the **null hypothesis** refers to a general statement or default position that there is no relationship between two measured phenomena ([source](#)).

In this case the **Null Hypothesis** would be that Statsforvaltningen and Ankestyrelsen Familieretsafdeling are **NOT corrupt, racist and sexist** against **fathers**.

My assertion that Statsforvaltningen and Ankestyrelsen Familieretsafdeling **ARE corrupt, racist and sexist** against **fathers**, would then be called the **Alternative Hypothesis**.

The probability of all the errors occurring in one case would then be used as the **p-value**.

If we more than generously assume that the **probability of each single error** occurring by **chance** in a case is **50%** (or 0.5)...then this is the same **chance** as flipping an un-biased coin and getting a particular side.

Therefore, **two errors** occurring in the same case would be  $0.5 * 0.5 = 0.25$ , and this is the same chance of flipping an un-biased coin and getting the same side two times in a row.

**The flipping of an un-biased coin is a useful analogy.**

When **five** errors occur in the same case, we get a **p-value** (probability of occurrence) equal to **3.125%** and this is below the **5% threshold** that is normally used to indicate **statistical significance**.

**To continue the coin flipping analogy:** Five errors occurring in this case is equivalent to flipping an un-biased coin fives times in-a-row, and get the same side of the coin five times in-a-row...**try it, to see how difficult that is.**

**Statistical significance** is the probability that an effect is not due to just chance alone...and probably due to some other factor (bias).

## My Conclusion?

([picture source](#))

In my case I can prove that **at least 5 people** from the authorities involved ignored several so called errors that I have pointed out to them **several times**.

[My other blog articles](#) contain links to the case documentation that prove that I really have pointed out the so called errors to several staff from the authorities involved, and that I have done this several times.

The authorities and their staff have no room for plausible denial, and the probability of error is statistically significant.

In my blog article "[DEBAT : Idéer til en ny Fædre Rettigheder Organisation \(Fædreretsfonden\)](#)", I equate the "Danish Family Law System" to a "*White Supremacist Feminist Sexist*" system.

**[Institutional Racism](#) explains why the authorities involved with my case have been behaving like the crew of a [slave ship](#) or the master of a [slave plantation](#).**

Based on the documentation that I have linked to my articles, the facts of the situation, and the less than 5% chance of probability that at least 5 people involved with my case ignored so called errors that were pointed out to them several times; only one conclusion can be drawn:-

**Statsforvaltningen and Ankestyrelsen Familieretsafdeling are institutionally corrupt, institutionally racist and institutionally sexist against fathers...without a doubt.**

#### CASE DOCUMENTATION

([PICTURE SOURCE](#))

The following are links to the actual case documents to/from the authorities involved.

My documentation shows that for three years I have continuously battled with the system, and all the 'right people' know about the problems of the authorities not doing their jobs properly and breaking several laws including Straffeloven.

Except for the names of Ministers (who are in the public eye), most names and other information have been 'anonymised'.

Since there is actually quite a bit of information to anonymise and to upload, I have decided to do this piecemeal on a daily basis....**so check back regularly to see updates.**
